**PETITION FOR REVIVAL OF AN APPLICATION FOR PATENT
ABANDONED UNAVOIDABLY UNDER 37 CFR 1.37(a)**

Dear Sir:

[XXX] A CHECK FOR THE FEES INDICATED BELOW, BASED UPON THE APPLICANT'S SMALL ENTITY STATUS, ACCOMPANIES THIS PETITION.	
Unavoidably Abandoned Petition Fee under 37 CFR 1.37(a)	\$250.00
TOTAL	\$250.00

The undersigned recently discovered that the above identified application became abandoned due to Applicant's failure to renew the Petition Under 37 CFR 1.47(a) in view of the 05 July 2007 Decision on Petition Under 37 CFR 1.47(a) which dismissed that Petition. The 05 July 2007 Decision was apparently inadvertently mailed, by the Petitions Branch of the United States Patent and Trademark Office, to the previous Manchester, New Hampshire address of the undersigned. It is to be noted that the firm of Davis & Bujold, P.L.L.C. moved to Concord, New Hampshire, in June of 2006, and promptly advised the United States Patent and Trademark Office of this address change, but the U.S. Mail postal forwarding instructions expired sometime toward the end of 2006 or in early 2007 and, as a result of this expiration, the office of the undersigned never received the 05 July 2007 Decision—the 05 July 2007 Decision was presumably eventually returned to the United States Patent and Trademark Office as undeliverable.

In 2007, it is to be noted that Davis & Bujold, P.L.L.C. changed its firm name to Davis Bujold & Daniels, P.L.L.C. and advised the United States Patent and Trademark Office of this name change.

Accompanying this Petition is:

(1) the associated Petition fee,

05/07/2008 GFREY1 00000056 040213 10577971
01 FC:2452 5.00 DA 250.00 DP

- (1) the associated Petition fee,
- (2) a reply to the 05 July 2007 Decision on Petition Under 37 CFR 1.47(a),
- (3) a Terminal Disclaimer, if necessary, and
- (4) a Statement that the entire delay was unavoidable.

1. Accompanying this Petition is a check in the amount of \$250.00 which covers the associated petition fee under 37 CFR 1.37(a). The Applicant claims small entity status.

2. Accompanying this Petition is the necessary response, namely, a Renewed Petition Under 37 CFR 1.47(a) and the associated documents which address the deficiencies pointed out in the 05 July 2007 Decision.

3. It is respectfully submitted that a Terminal Disclaimer and the associated disclaimer fee are not required for this case, as this application was filed on or after June 8, 1995. However, in the event that a Terminal Disclaimer is, in fact, necessary for this application, please contact the undersigned, via telephone, and any necessary Terminal Disclaimer will be promptly filed with the United States Patent and Trademark Office via facsimile.

4. A showing of the causes of unavoidable delay is set forth below and said showing establishes that the entire delay in filing the required reply/petition, from the due date for reply until the filing of either: (1) a grantable Petition Under 37 CFR 1.37(a) was unavoidable or (2) a grantable Petition Under 37 CFR 1.37(b) was unintentional, is set forth below.

This petition is being filed within three (3) months of the April 10, 2008 date that the United States Patent and Trademark Office first notified the Applicant that the above identified application was abandoned.

Causes of Unavoidable Delay

This application was filed on May 3, 2006 and the initial correspondence for this application was the address associated with Customer Number 020210, namely, Davis & Bujold, P.L.L.C., 4th Floor, 500 Commercial Street, Manchester, New Hampshire 03101. During preparation of this application for filing, the office of the undersigned prepared and forwarded a suitable Declaration and Power of Attorney form to the Australian associate who was in charge of obtaining the signature of the inventors on the same. That Declaration and Power of Attorney form indicated that correspondence was to be sent to Customer Number 020210 and contained the Manchester, New Hampshire address of Davis & Bujold, P.L.L.C. Subsequent to the filing of this application, the office of the undersigned moved and advised the United States Patent and Trademark Office that the firm of Davis & Bujold, P.L.L.C. moved to 112 Pleasant Street in Concord, New Hampshire 03301 by updating the information associated with Customer Number 020210.

On January 4, 2007, the United States Patent and Trademark Office mailed a Notification of Missing Requirements to Customer Number 020210, Davis & Bujold, P.L.L.C. at 112 Pleasant Street, Concord, New Hampshire 03301 and the undersigned received that Notification of Missing Requirements on January 8, 2007 (see attached copy thereof). In response to that Notice, on April 19, 2007 the Applicant renewed its Renewed Petition Under 37 CFR 1.47(a) and forwarded the signed Declaration and Power of Attorney form which was signed by Inventor TULLOCH, Inventor EVANS and Inventor JAUSNIK, but not signed by Inventor SKRYABIN or Inventor PHANI. As noted above, this Declaration and Power of Attorney form contained the previous Manchester, New Hampshire address of the undersigned but this Declaration nevertheless indicated that correspondence was to be sent to "Customer Number 020210" (see enclosed copy of the signed Declaration and Power of Attorney form). More importantly, the Transmittal Letter forwarding this signed Declaration and Power of Attorney form instructed the United States Patent and Trademark Office to "SEND ALL CORRESPONDENCE TO: Customer Number 020210, Davis Bujold & Daniels, P.L.L.C., 112 Pleasant Street, Concord, New Hampshire 03301" (see attached copy of this transmittal letter). For some reason, however, the United States Patent and Trademark Office chose to address and mail the 05 July 2007 Decision on Petition Under 37 CFR 1.47(a) to the old Manchester, New Hampshire address of the undersigned rather than to the current Concord, New Hampshire address associated with Customer Number 020210 and as specifically listed on the Transmittal Letter forwarding this signed Declaration and Power of Attorney form to the United States Patent and Trademark Office. Moreover, as noted above, the United States Patent and Trademark Office's previous mailing of correspondence concerning the above identified application (i.e., the Notification of Missing Requirements) to the undersigned was addressed to Customer Number 020210, Davis & Bujold, P.L.L.C. at 112 Pleasant Street, Concord, New Hampshire 03301.

Sometime toward the end of 2006 or in early 2007, it is to be appreciated that the U.S. Mail postal forward instructions expired and, as a result of such expiration, the United States Postal Service never forwarded the 05 July 2007 Decision to the the office of the undersigned in Concord, New Hampshire—the 05 July 2007 Decision was presumably eventually returned to the United States Patent and Trademark Office as being undeliverable. It was only when the office of the undersigned performed a status check, concerning the above identified application toward the end of March or in early April of 2008, that abandonment of the above identified application was eventually discovered. Upon determining such abandonment, the undersigned forwarded, on April 11, 2008, a complete copy of the application papers for serial

10/577,971

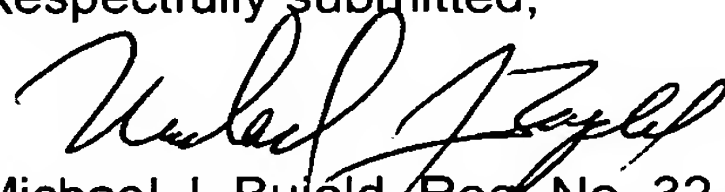

number 10/577,971, including the Declaration and Power of Attorney form, to Inventor George Phani and Inventor Igor Skryabin (see accompanying Renewed Petition). After the mailing of those letters, the undersigned then proceeded with filing the accompanying Renewed Petition Under 37 CFR 1.47(a).

The Applicant respectfully submits that the above facts show that the entire delay in filing the required reply/petition, from the due date for reply until the filing of this Petition Under 37 CFR 1.37(a), was unavoidable. That is, the United States Patent and Trademark Office records correctly associate "Customer Number 020210" with the proper address of "Davis Bujold & Daniels, P.L.L.C., 112 Pleasant Street, Concord, New Hampshire 03301." Moreover, as the undersigned specifically requested the United States Patent and Trademark Office continue to send correspondence concerning the above identified application to Davis Bujold & Daniels, P.L.L.C. at 112 Pleasant Street, Concord, New Hampshire 03301, it was improper for the United States Patent and Trademark Office to address or alter the correspondence address for this application by mailing any correspondence to 4th Floor, 500 Commercial Street, Manchester, New Hampshire 03101, particularly without notifying the undersigned of such address change.

Therefore, in view of the forgoing, favorable consideration of this Petition for Revival of an Application for Patent Abandoned Unavoidably Under 37 CFR 1.37(a) is respectfully requested at this time. However, in the event that the United States Patent and Trademark Office is unwilling to grant this Petition for Revival of an Application for Patent Abandoned Unavoidably Under 37 CFR 1.37(a), then the Applicant respectfully requests that this Petition be converted to a Petition for Revival of an Application for Patent Abandoned Unintentionally Under 37 CFR 1.37(b), and the balance of the associated petition fee (in the amount of \$500 on the small entity basis), be charged to the below listed deposit account of the undersigned.

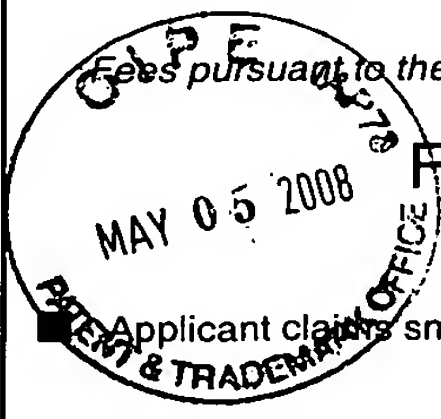

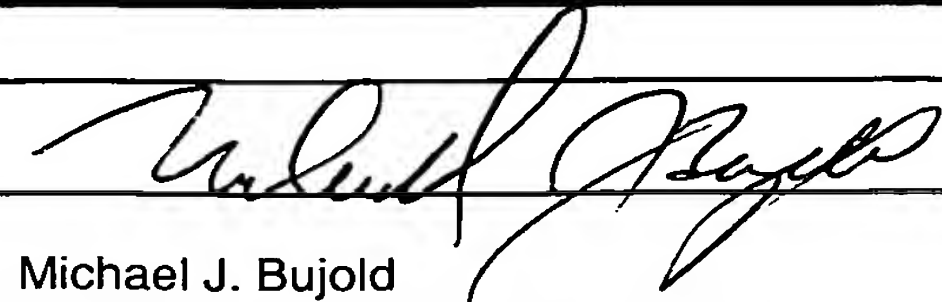

In the event that there are any fee deficiencies or additional fees are payable, please charge the same or credit any overpayment to our Deposit Account (Account No. 04-0213).

Respectfully submitted,

RENEWED PETITION UNDER 37 CFR §1.47(a)

Dear Sir:

[XXX] NO FEES ARE PAYABLE WITH RESPECT TO THIS RENEWED PETITION

In response to the Decision on Petition mailed July 5, 2007, the Applicant is petitioning, per the attached, for reinstatement of the above identified application.

In response to the July 5, 2007 Decision, the Applicant notes that the Petition under 37 CFR 1.47(a) satisfies items (1), (3) and (4), of 37 CFR 1.47(a), while item (2) has yet to be satisfied. In particular, the United States Patent and Trademark Office indicates that there sufficient evidence of record in this case which shows that Inventor Igor SKRYABIN was presented with a complete copy the application papers, but the record is unclear whether Inventor George PHANI was presented with a complete copy of the application papers, concerning application serial number 10/577,971, and failed to respond to the request to sign the associated Declaration.

In response to the above noted deficiency, the undersigned forwarded the attached letters on April 11, 2008 to Inventor George PHANI and Inventor Igor SKRYABIN. Both of these letters were sent, via UPS, and accompanied by a complete copy of the specification, the claims, the abstract and the drawings for serial number 10/577,971 as well as the associated Declaration and Power of Attorney form. The undersigned also confirms that both Inventor George PHANI and Inventor Igor SKRYABIN received the sent materials, as witnessed by the accompanying UPS Daily Shipment Detail Report and associated UPS Tracking Information Reports.

Since that mailing, the undersigned received a signed copy of the Declaration and Power of Attorney form from inventor Igor SKRYABIN—it is to be appreciated that on the enclosed Declaration, Inventor SKRYABIN crossed off the power of attorney in favor of the office of the undersigned.

To date, however, the undersigned has not received a signed Declaration and Power of Attorney form from Inventor PHANI, but will promptly forward to the United States Patent

11/629,723

If any further action is required on behalf of the Applicant so that this application can undergo substantive examination, please contact the undersigned to expedite the handling thereof. In view of the foregoing, the Applicant respectfully requests favorable reconsideration and granting of this Renewed Petition Under 37 CFR 1.47(a).

In the event that there are any fee deficiencies or additional fees are payable, please charge the same or credit any overpayment to our Deposit Account (Account No. 04-0213).

Respectfully submitted,

RE: Igor Lvovich SKRYABIN, George PHANI, Sylvia Medlyn TULLOCH, Graeme Leslie EVANS and Ben JAUSNIK
U.S. Patent Appln. No. 10/577,971
filed with an effective filing date of November 3, 2004
MULTILAYERED PHOTOVOLTAIC DEVICE ON ENVELOPE SURFACE
Our ref: ADAPLU P03AUS (formerly GRIHAC P47AUS)
Your ref: 20240USP00

Dear Mr. Phani:

The purpose of this letter is to ask if you will consider reviewing the enclosed set of application papers, namely, (1) a completely copy of the specification, the claims, the abstract and the drawings concerning application serial number 10/577,971 along with the associated Declaration and Power of Attorney form? If so, and assuming your review of this application is favorable, we ask that you please sign the associated Declaration form and return the same to our office so that our office may proceed with efficient prosecution of the above identified application before the United States Patent and Trademark Office. As you are probably aware, the Declaration merely provides our office with power to prosecute this application before the United States Patent and Trademark Office, but does not, in any way, affect ownership of this application.

A self addressed envelope is enclosed to facilitate early return of the signed Declaration form to our office. Signing and returning the enclosed Declaration will prevent a potential loss of patent rights with respect to this application.

If you or your Attorney has any questions concerning any of this matter, please contact our office.

Yours sincerely,
DAVIS & BUJOLD, P.L.L.C.

Michael J. Bujold
